selling law has been in force two years, and is well known to all interested. The new law forbids the sale of less than a pint of liquor, wine, cider, or beer, and makes the penalty \$20, or on non-payment, imprisonment in the work house from seven to sixty days. The act in relation to wholesale and retail dealers went into operation on Wednesday last. It fixes the rates of licenses according to the amount of capital invested in the business. ranging from \$45 for \$1.000 capital, to \$105 where the capital amounts to \$25,000 or more. This law requires two bondsmen, each for \$200. that the party licensed under it shall not sell less than a pint, or suffer drinking on the premises, or otherwise violate any corporation liquor law; and also authorizes the Mayor to forfeit or suspend the license in case of proof of a violation of any such law. The Register of the Corporation also advertises to grant renewals of all licenses which expire on Monday next. November 6th, which seems to involve an offer to authorize the sale of liquor as before the enactment of the ordinances recently passed. We learn that licenses will be taken out under this tender, and the question carried to the Circuit Court.

NORTHERN LIBERTIES' BALL, &c .- The ball of the Northern Liberties' Fire Company, which is to come off on Monday evening next at Odd Fellows' Hall, promises to be a grand affair. All the fire companies of the city are to be represented, and a number of strangers are also expected. The company are to have a procession early in the evening, and will start from K and eighth street, and move to 7th and M, to Ninth, to L, to Tenth, to Massachusetts avenue, to Ninth, to I, to New York avenue, to Fifteenth street, to Pennsylvania avenue, to Columbia engine house, through east front of Capitol Grounds, down the Avenue to Third street, to C street, to 42 street to Louisiana avenue, and thence out Seventh street to the engine house. After this they are to appear at the hall in full firemen's dress, other firemen in their uniform, and all adorned by the presence of numerous ladies.

THE NAVY YARD.—The force of workmen at the Washington Navy Yard is almost nine hundred men, and the town in the neighborhood may be said in consequence to be full to overflowing. A visit to that interesting locality of our city will prove the gratifying fact. The mechanical portion are, with very exceptions, ranked in the first classes. Several ship carpenters from Baltimore have been added to the rolls very recently. The keel pieces of the frigate have arrived and the but it was done "handsomely." Quite a number of large cannon are being removed from the water lines to the upper part of the premises, to make room for the builders. Outside the yard the streets are being greatly improved and low grounds filled us, as we suggested. Altogether, the Navy Yard and neighborhoo l are "looking up."

GUTTA PERCHA.-We understand that the American Gutta Percha Company of New York are about to establish an agency in this city for the sale of their goods. Having for the last year or two had in daily use various articles of their manufacture, we can say, from our own experience, that they are far superior to similar wares made of India rubber, in durability, entire freedom from smell, and, indeed, in all other particulars. The goods in question are precisely such as are goods in question are precisely such as are now manufactured of India rubber. Among other features of these goods are their much less weight and greater pliability than similar articles made of rubber. We predict for these wares heavy sales in Washington city, as the material has so far been applied to no use wherein its application is not a vast imuse wherein its application is not a vast im- of our time. provement for the benefit of the consumer.

protracted meeting which has been progressing during the present week, in the 13th street Baptist Church, under the labors of their Pastor, the Rev. T. C. Teasdale, D. D., has excited a good degree of interest in the commu nity. The congregation have been attentive and solemn, and the prospects of the meeting are becoming more encouraging from night to night. The religious services will commence to-morrow, as announced, at 11 o'clock a. m., and 71 p. m., and will be continued throughout the week at night. ISEORGETOWN CORRESPONDENCE.

GEORGETOWN, November 4, 1854. The best evidence of the steady increase in the presperity of our city, is the great number of streets that have been improved during the last few years. Many of those to which we have reference had remained in an almost impassable condition from the founding of our city until recently. They are now the most beautiful thoroughfares in the town. The improvement of these streets has had a tendency greatly to enhance the value of private property situated upon them, and much which was more of a burden than anything else to the owners has been sold at good prices, and instead of lying in an unimproved state, as it had done for nearly a century, it is now occupied by comfortable dwellings, among them some of the finest and most desirable in the town. Much praise is certainly due to our Mayor for most of these street improvements.

We learn that quite an extensive revival of religion is now going on in the Methodist Episcopal Church at Rockville, Md., and at several other points on the Montgomery circuit, under the charge of the Rev. Thomas Sewal. Several sermons were preached at Rockville, with very powerful effect, the early part of this week, by the Rev. B. F. Brooke, The musical treat which is to be given at

Trinity Church, to morrow morning, at 102 o'clock, will be one of the grandest affairs of the kind that ever came off in our city, and will, we have no doubt, attract an immense concourse of persons. A meeting of the Young Catholics' Friend A TRIS OFFICE, MAY 14-15

Society will be held to-morrow (Sunday) evening. The prospects of this society for future usefulness are very flattering. It is increasing in numbers very rapidly.

Prof. Henry M. Harman, of the Female College, Baltimore, will preach in the Methodist Episcopal Church to-morrow, at 11 o'clock a. m , and at 7 p. m. The Prefessor is probably one of the most remarkable (for his acquirements) men of his age, when we consider his very few advantages in this section of country. He is, in the common acceptation of the term, a self-made man. He is a native of Anne Arundel county, Md.; has, within a few years, through his own exertions, made himself master of some five to seven languages, a bright mathematician, a powerful writer, a sound theologian, and a brilliant public speaker, and we doubt not all who go to hear him will be well pleased.

PALPITATION OF THE HEART, Nervous diseases Liver Complaint, Neuralgia, Dyspepsia, Costiveness and Piles, are all relieved and cured in an incredible short space of time, by Carter's Spanish Mixture, the great tonic and purifier of the blood. It contains not a particle of Mercury, Opium, or any noxious drug; is perfectly harmless, and has eured more than five hundred cases of disease. We can only refer the reader to the certificates, a few of which may be found in another column, and all of which are detailed in full around the bottle. It is the greatest of all Spring and Fall Medicines, and possesses an influence over the blood touly remarkable. . See advertisement.
